

## Re-Test Instructions

- Any student that fails to pass the comprehensive test may schedule to take a re-test.
- Re-test must be scheduled within 90 days after failure of original comprehensive test. If re-schedule is not done in the 90 day time frame, the student must retake the full pre-licensing class at the regular class rate.
- The fee for the retest is \$50. This is for re-test only and does not entitle the student to sit through the actual pre-licensing class.
- The student wishing to re-test must request a seat and pay the re-test fee by the regular pre-licensing class deadline.
- Re-test will be done on the same schedule as the regular test-- Wednesday from 2:30pm to 4:30pm
- The student must arrive at the McKimmon Center by 1:30pm the day of the re-test.
- Any student that fails the re-test must re-take the full three day class at the standard class fee.
